Arts Teachers Connect.com

Notes from 27/06/2019

"It takes a village to raise a child."

Let's create books and exchange books between schools

International

Share ideas on Pinterest

Show students work on Instagram

Share kids work on YouTube

Students work is streamed live.

Continued connections

IBSC future connections between teachers and students.

Future funding for sharing IBSC arts

Infinity group?

"David Armstrong"

ArtsTeachersConnect.com

State/country

Participate in state Arts Festivals

View/participate and engage in state/ national events - these can be reflected back into the art room

Government

Arts agencies

State galleries

International/ State festivals

Local

Visit botanical gardens - Japanese gardens- links with science - reflected and expressed in art.

Parents

Grand parents

Local artists create work in the school.

Schools in the area

Old boys

Class teachers

Local bussiness

School

Peer coaching

Design and create items/ goods/ signage for areas in the school.

Local artists run workshops in the school.

Room

Students

Arts teacher

Specialists

Students of all ages PP-12

Maintainence

Library

I.T

School facilities (cafe)

Students create work in lunchtimes multi-years sharing

Integrate maths and art. Shapes and angles

Service learning students from high school support arts teacher

Collaborate with music to create sounds for digital work

Create mummies with history teacher

Students design and create Lego figure of Terry Fox for cancer research.

Arts Integrated projects about local community members - migrant interview and portraiture showcase.

Students go to local artists studios

Students create cards and they are sold to the local community.

Students use the arts to engage in relationships with local nursing homes.

Students create a story about a topic within their local community. This this then translated into a story and illustrated into a book. This could be sold or made into an app to raise $ for a charity.

Students create and display artworks to raise money and awareness of issues personal to them.

I can showcase my skills and talents

I can get feedback from a bigger audience

I can show my work has purpose

I can spread my ideas

It feels nice to share

I have a sense of accomplishment.

It's great to support others.

I can inspire others to do something similar.

It makes me feel a bit nervous so I have to be courageous.

I can share my joy and passion

Boys said:

Effects of arts community relationships on boys

Supports growth mindset

Supports purpose and relevance

Boys want to be positive members of a community

"I feel I can share my personal messages"

Inspired

If you are interested in creating an infinity group with the IBSC please let me know!

Thank You For coming and sharing.

You the teacher are the one who helps to make those connections

"We live in multiple communities and each of them effect us"
