Statement of Support

2019-20 IBSC Action Research Head of School Support Statement Developing Agency: Boy Voice and Choice

Application Deadline: Friday, November 2, 2018

The IBSC Action Research Program provides exciting opportunities for faculty and staff at IBSC schools to plan and participate in research projects and engage in an online professional learning community. The project requires participants who are eager, thoughtful, computer literate, motivated, and well organized. While the IBSC Action Research Coordinator and Team Advisors will guide the team through every step of the process, strong support from the Head of School where they work has proven essential. This support could take the form of providing "research time" at key points or reducing the co-curricular responsibilities of the researcher. Please acknowledge and celebrate the researcher's participation and commitment to such valuable professional development.

Since February 2005 the IBSC Action Research in Boys' Schools Program has promoted the collaboration of educators in member schools worldwide. Twelve action research teams have completed projects and reported findings at IBSC Annual Conferences in South Africa, Canada, New Zealand, the United States, the United Kingdom, and Australia. You may read these cutting-edge reports and learn more about the program on the [IBSC Action Research home page](#).

Please submit the following required information. Note that questions with asterisks* are required.

School/Organization Name*

First Name of Action Research Applicant*

Last Name of Action Research Applicant*

Head of School Information

Please supply the name and email of Head of School completing this application.

First Name of Head of School*

Last Name of Head of School*

IBSC Global Partners

Title (e.g. Headmaster, Rector, Principal, etc.)*

Email Address of Head of School*

Please tell us why you endorse this person's application.

Mentor Information

Please supply the name and email address of a senior member of staff willing to act as a mentor for the researcher. This person receives details of the research timetable and regular updates on the researcher's progress during the project from the Team Advisor. This assists the researcher to successfully meet deadlines throughout the project.

The mentor also acts as a critical friend in the planning, implementation, and presentation of the project, and meets regularly with the researcher to provide any assistance or feedback needed. The mentor ensures that all submissions and the final report are formally edited and correctly referenced ahead of publication.

First Name of Mentor*

Last Name of Mentor*

Title of Mentor*

Email Address of Mentor*

If you are requesting financial support from the IBSC in the event that the applicant is selected, please indicate below the reasons for the request.

By checking this box and submitting this form, I endorse the application of the person listed above, confirming that I understand the IBSC Action Research schedule, requirements, and financial terms as described on the IBSC Action Research page*

I agree.
